

Reentel Inc. We are a leader in the lapidary market and a premier supplier of diamond abrasive tools and equipment.

Due to growing sales, we are expanding our workforce. We are in search of a new production associate to join our team. The ideal candidate must have a positive attitude, be willing to learn and be a part of the team. In addition, the candidate needs to be a self-motivated, on-time, fast-paced and positive individual.

An understanding of an ISO culture is a plus.

Responsibilities:

- Work with a team to assemble machine parts and/or components for a variety of lapidary products.

Meet and maintain Quality and KPI standards.

- Rotate through different tasks for specific production runs
- Conduct quality inspections on all parts and products assembled
- Maintain a clean and orderly work area
- Additional tasks as needed

Skills & Qualifications:

- Previous experience in a manufacturing environment or working with basic hand tools. Experience in an ISO environment is a plus.
- Able to work with power tools and wire electrical components for machines after training is complete.
- Able to complete assembly runs of a specific product or component at a fast pace
- Able to lift 75 lbs
- Attention to detail
- Self-motivated with a positive attitude
