JOB SEARCH PLAN

- **Set up an email address for your job search**
- **Don't forget to check spam folder**

- **Make sure voice mailbox is set up**
- **Check voice mail often**
- **Make sure voice mailbox is not full**
- **Have professional voice message**

- **Set time aside each day to conduct job search activities**
- **Have a space where you can focus on your job search**

Mindset Matters!

Track effort you control (applications, outreach, skills), not outcomes you can't (interviews, offers).

Celebrate consistency; it softens rejection and keeps you moving forward.

KNOW YOUR WORTH, NEEDS & WANTS

Play Offense: Salary Prep Before Job Search

- **Clarifies Your Salary Worth:** Know your market value and target fair compensation.
- **Defines Your Needs & Wants:** Set boundaries for income, lifestyle, and goals.
- **Shapes Your Target Company List:** Focus on companies that meet your salary expectations.
- **Prioritizes the Right Job Postings:** Filter roles that fit your range and negotiate potential.
- **Boosts Confidence:** Enter interviews prepared and self-assured.
- **Reduces Stress & Surprises:** Avoid last-minute scrambling; negotiation feels natural.

WHY NEGOTIATE AND WHAT'S AT STAKE

Most people don't even try:

- 61% of individuals fail to negotiate a higher salary.
- Employers expect to negotiate once an offer has been made.

Big financial impact:

- Example: A 10% difference in starting salary (e.g., \$50K vs. \$55K) compounds over time.
- By 10 years, that gap is \$75K, and by 30 years, \$424K.

Other costs of not negotiating:

- You might forgo benefits, vacation, or education reimbursement.
- Plus, negotiating well demonstrates confidence and can make a strong impression on an employer.

COMPANY & MARKET RESEARCH

Salary Data Tools

- Use O*NET OnLine, BLS.gov, Glassdoor, Indeed, LinkedIn
- Cross-check results → know the range for your role, location, and experience level.

Company Research

- Review the company website → mission, values, benefits.
- Check LinkedIn & Glassdoor → employee reviews, culture insights.
- Research press releases or financial reports → Is the company growing or restructuring?

Tips for Effective Research

- **Consider Total Compensation:** Include salary, bonuses, benefits, and equity.
- **Account for Location & Experience:** Adjust expectations accordingly.
- **Leverage Networking:** Gain insights from current or former employees.

NEEDS VS. WANTS

Money Items

- Salary
- Sign on Bonus
- Stock Options
- 401 K Match
- Bonus Potential
- Vacation Days
- Sick Days
- Cobra until you are on new plan

Other Items

- Hybrid or Remote
- work arrangements
- Titles
- Pay increase at 3 | 6 | 12 month salary reviews
- Tuition reimbursement
- Conference expenses
- Professional Associations

Everyone's salary range is unique based on experience, industry, etc. We're providing you with the tools to research and define the range that fits you.

BE READY TO DISCUSS SALARY

- *I would prefer giving you a specific answer after I've had a chance to learn more about the position and your organization. I'm sure we can reach a mutual agreement at that time.*
- *My salary requirements are negotiable.*
- *I'm glad you brought it up! What is your budget for this position?*
- *I would like to learn more about what's entailed with this job so I can give a good answer.*

1. Research the market and salary trends
2. Provide a salary range, not a number
3. Diplomatically turn the question around
4. Always be truthful

START TELLING YOUR STORY

Begin with an accomplishment statement sheet

Why?

Identify Key Wins: Clarifies measurable achievements beyond job duties

Tailor for Impact: Aligns accomplishments to the target role

Boost Confidence: Builds confidence and interview-ready stories

Sources for Accomplishment Ideas

- Job Descriptions & Performance Reviews
- Project Records & Personal Notes
- Annual Goals & KPIs
- Awards & Recognitions

Start with your most recent role and work backward.

Align each entry with dates and job titles for clarity.

START HERE

List Your Roles:

- Start with each job, volunteer position, or project you've had.

Recall Achievements:

- For each, jot down results, improvements, or contributions, even small ones.

Use Metrics and Outcomes:

- Quantify impact (e.g., "Reduced processing time by 20%" or "Trained 10+ new hires").

Focus on Skills & Results:

- Highlight what skills you used and what changed because of your work.

START TELLING YOUR STORY

Quantify Your Career Achievements

1. Saved X amount of time by making Y improvement.
2. Finished project X amount of time ahead of schedule.
3. Ran marketing campaigns for X number of products.
4. Placed stories in X number of publications.
5. Increased email subscriber base by X percent in Y amount of time.
6. Improved conversion rate by X percent using Y process.
7. Increased customer satisfaction rating by X percent.
8. Boosted revenues X percent using Y process.

Structure Each Accomplishment Using the STAR Method

- **Situation** – What was the problem or opportunity?
- **Task** – What was your role or responsibility?
- **Action** – What steps did you take to address it?
- **Result** – What measurable impact did you achieve?

Example:

"Implemented a new inventory tracking system, reducing stock discrepancies by 35% and cutting operational costs by \$50K annually."

RESUME FORMATS & TIPS

Resume Formats

Chronological

- Best for a strong, consistent work history, highlighting career growth.
- Preferred by HR recruiters and hiring managers. Ideal for experienced professionals.

Hybrid

- Combines both, emphasizing skills and achievements while including a brief work history.
- Ideal for transitions or diverse experience.

Functional

- Focuses on skills over job history, great for career changers or those with gaps.

IMPORTANT

Presentation Matters

Pro Tip: *Strong experience gets missed when a resume is cluttered or hard to scan.*

Keywords Need Context

Pro Tip: *Keywords don't sell you. Evidence of how you applied them does.*

Format Shows Value

Pro Tip: *Clean formatting and concise bullets make your relevance obvious fast.*

Order Shapes Understanding

Pro Tip: *Lead with experience that matches your target role. Order creates clarity. Clarity shapes perception.*

RESUME FORMAT

IMPORTANT!

This format is both ATS and reader-friendly (hiring teams scan for relevance)

Clean format, white space, and concise bullets make your relevance instantly clear.

Build your resume for clarity and readability.

RESUME DO'S & DON'TS

- Font Size: 11 or 12 points
- Font Style: Aptos, Arial, Calibri, Verdana, Helvetica, Tahoma,
- Keep the same Font Size and Style
- Cautiously use italics, lines, and underlines
- Solid Bullet Points
- Bold Headings
- 1" margins
- Resumes: Write in third person. Cover letters: Use the first person to tell your story
- Most ATSs prefer Word files (.doc/.docx); PDFs can cause parsing issues, especially if they contain images.

- No Headers or Footers
- No Lines
- No tables, columns, text boxes, decorative lines, pictures, or open/hollow bullet points.
- No accreditations after name
- No Templates
- No keyword stuffing.
- Do not use an AI-only written resume. Must add your details and proof/edit as appropriate.
- Keep your resume to two pages maximum
- Limit listed experience to the past 15 years

remember

Clean formatting and clear content shape how recruiters perceive you.

COVER LETTER

THE GREAT DEBATE Are Cover Letters Dead OR Do They Make You Stand Out?

The Case Against Cover Letters

- Many recruiters don't read them. Some say they're outdated.
- AI-driven hiring systems focus more on resumes.
- Time-consuming to write, with no guarantee they'll be seen

The Case for Cover Letters

- A strong cover letter can showcase personality and enthusiasm.
- Helps explain career transitions or employment gaps.
- Personalized letters can set you apart in competitive fields.

THE VERDICT

A well-crafted cover letter can be a powerful tool. Keep it tailored, concise, and strategic!

INTERVIEW QUESTIONS

Why Employers Ask Behavioral Interview Questions

- **Predict future performance** by learning how candidates handled past situations
- **Assess problem-solving**, decision-making, and soft skills (communication, teamwork, adaptability)
- **Gauge cultural fit** and alignment with company values
- **Reveal accountability**, authenticity, and ability to take ownership

Most Common Behavioral Interview Questions

- Tell me about a time you faced a challenge at work. How did you handle it?
- Give me an example of when you worked as part of a team to achieve a goal.
- Describe a situation where you had to manage multiple priorities or deadlines.
- Tell me about a time you had a conflict with a coworker or manager. How did you resolve it?
- Give an example of a time you showed leadership or took initiative.

ASK INSIGHTFUL AND THOUGHTFUL QUESTIONS

Sample Questions:

- What does success in this role look like, and how is it measured?
- Can you describe the company culture and the employees who thrive here?
- What key qualities help someone excel in this position?
- Tell me about the team I'd be working with and how this role fits in.
- What are the biggest challenges the team or company faces, and how does this role help address them?

Why Ask Thoughtful Questions in an Interview

- Shows genuine interest, preparation, and critical thinking
- Clarifies expectations and creates a memorable, two-way conversation

We Care About Your Well-Being

We understand this journey can be emotionally tough. While we care, we aren't trained counselors and can't provide the space you may need. If you need to talk, please reach out. You deserve support.

Stay Encouraged and Energized

It's okay to have ups and downs, feel it, but keep moving. Progress isn't always a straight line.

Celebrate small wins, every step builds momentum, even if you can't see it yet.

KEEP GOING

Lean on your "YOU" group. Those who listen lift you up and let you vent safely. Support keeps you grounded and energized.

THANK YOU!

THIS IS WHO STARTED CLOWNING AT FOUR AND NEVER STOPPED. NOW SHE RUNS/LIVENS UP OUR JOB-SEEKER WORKSHOPS, AND STILL DREAMS OF HER ULTIMATE GIG... BECOMING A RODEO CLOWN.
