NOTES

Follow up emails have been sent to those employers who have submitted WARN notices for temporary layoffs/furloughs, inquiring if there have been or will be permanent layoffs. Those employers that have responded indicate they are either currently bringing back employees or planning on recalling all employees.

The Xport Fitness HR Director responded to our calls regarding their furlough status. They anticipate reopening their facilities during Phase 4 of the governor's plan (likely July). As plans firm up, they plan to send out additional communication to former employees who may be eligible for rehire.

Total individual claims filed in DuPage County:

Jan 2020	2,431
Feb 2020	1,823
March 2020	28,447
April 2020	36,813
