

# One Stop Operator Report: May 2022

**One Stop Partner Requirements:** Provide job seekers access to programs and activities

**One Stop Operator:** Track referrals and lead Partners in the delivery of individualized follow-up career / life services.

Applicant demand aligns with the labor market: high job growth; low unemployment.

Partner referral demand highest for COD and C.R.I.S.

*Note: February 2022 system reset; no data available.*

## Service Integration Success Story: April 2022

A homeless veteran (female) visited the **One Stop Center** to meet with a **Veteran Services Partner**. The visitor was referred to the Center by the **Disabled Veterans Outreach** staff in Maywood. Our Veteran Services Partner provided the client with resources for housing and employment.

A **workNet** staff member also met with the client and learned that an employment interview was pending that afternoon. WorkNet assisted by providing a computer with camera in a private room so that the client could complete the interview.
