Universal Technical Institute (UTI) Cost Update for Approved Programs

Below is a list of the programs at Universal Technical Institute that have been updated in the WIOA Eligible Training Provider List (ETPL). These programs were current and already approved or re-certified in the ETPL. The program content has not changed, but the program listings need to have their costs in IWDS adjusted to reflect tuition rate changes and some new expenses—students now receive a laptop and access to propriety software needed to fully complete the program
