- Sets up anvil rings, blades (both razor and shear), and proper core locks
- Sets up proper tensions according to material being used
- Knows when and when not to use a nip roller
- Minimizes material waste and rewinds
- Completes all necessary and required paperwork related to the assignment
- Follows daily maintenance and housekeeping procedures
- Complies with all safety procedures

Skills and Experience:

- High degree of accuracy and very detail oriented; commitment to the highest quality output
- Basic proficiency with computers
- Basic mechanical skills
- Team-player with ability to receive constructive feedback
- Organized and able to maintain a 5S work area
- Effectively communicate with coworkers and supervisors/managers

Requirements:

- 2 years experience running a Slitting Machine with at least 12 cuts highly preferred
- Basic math skills
- Must be able to read a standard ruler
- Previous experience operating machinery or equipment including set ups
- **All applicants must be fully vaccinated against COVID-19**

Physical Demands and Work Environment:

- Standing, bending, climbing, and the ability to lift up to 75 lbs. unassisted
- Manual dexterity using your hands
- Work in a non-air-conditioned facility with variable temperatures
- Exposure to solvents, adhesives, and coatings which may have strong fumes

Positions available on 1st, 2nd or 3rd shifts, Monday-Friday, 40 hours per week. Occasional overtime may be required.
