Computer Technician Intern
From $20.00 an hour (negotiable)
Maximum Hours/Week: 25 – 35
Maximum Length: 4 – 6 months

workNet DuPage is looking for a WIOA Young Adult program participant for an internship as a Computer Technician Intern for Koi Computers in Downers Grove. Koi Computers is a fast-growing IT Government Contractor delivering High Performance Computing Solutions that help the government accelerate their Artificial Intelligence, Deep Learning, Simulation, and other complex research or computational workloads.

This internship could be a great fit for you if any of the following are true:
- You are looking for an opportunity to work in the tech industry.
- You have an interest in working with computer hardware and software.
- You want hands-on experience building and testing computers.
- You don't want to work at a desk and would prefer a job that requires physical activity and movement.

Upon completion of this internship, you will be able to add valuable workplace skills such as technical computer support, computer hardware integration, material handling, order fulfillment, and shipping and receiving.

Description:

As an intern, you will work closely with our integration department to help with the following:

- Open and unpack chassis and components to be used for server integration and assembly.
- Follow instructions, processes, and procedures to integrate and assemble computer components into different types of chassis.
- Assist with installation of rails, switches, power distribution units, and other equipment to elevation on computer rack specifications.
- Assist with packaging of fully finished racks or computer systems and scan labels for rack specification.
- May be required to assist with recycling materials.
- Any other tasks assigned as required.

Qualifications:

- Current student pursuing a bachelor's degree program in Information Technology or other related field.
- Cumulative GPA of 3.0 or higher.
- Knowledge or familiarity with Red Hat Linux Enterprise Operating Systems.
- Ability to regularly lift, push, and/or move up to 50 pounds.
- Ability to stand for a prolonged period.
- Ability to work on ladders.
- Manual dexterity.
- Detail-oriented, organized, dependable, and flexible.
- Ability to work independently and collaborate in a team environment.
- Communicate and can follow verbal and written directions.
- Able to work 25 – 35 hours per week for 4 to 6 months.

Koi Computers, Inc.
1341 Warren Avenue, Suite B
Downers Grove, IL 60515
