

College of DuPage Cost Update for Approved Programs

Below is a list of the programs at the College of DuPage that have been updated in the WIOA Eligible Training Provider List (ETPL). These programs were current and already approved or re-certified in the ETPL. The program content has not changed, but the program listings need to have their costs in IWDS adjusted to reflect tuition rate changes at the college. The College implemented a tuition increase of \$4.00 per credit hour. The changes to the total cost of each program are reasonably minor, and will only lead to an average increase of \$48.00 per semester for full-time students.
